The above proposal should also include the following:

Training

CAE Healthcare's training should cover the foundational knowledge and skills that participants need to effectively use their simulator in simulation-based education exercises. The course should incorporate international standards and best practices of simulation education.

Beyond this, tech4hc should also carry out the following training programs with renowned simulation educators.

- 1. Training the Trainer on methodologies
- 2. Integration of Simulation into UG/PG Curriculum
- 3. Simulation Science- Insights from the Experts on running a centre
- 4. Train your faculties to conduct Workshop/CMEs
- 5. Training on integrating non-technical skills into simulation

Designing

CAE Healthcare and tech4hc should assist our engineering team with the designing of the KAHER Simulation & Skill Centre with plans and inputs on centre layout, electrical layout, furniture layout etc.
