A Faculty training programme on Turnitin software was conducted on May 22 and 23, 2024, aimed at enhancing faculty proficiency in academic integrity and plagiarism prevention. The event was hosted by KLE College of Pharmacy Belagavi and attended by faculty members from all departments.

The programme commenced with an inaugural session led by Prof (Dr) Sunil S Jalalpure Principal KLE College of Pharmacy Belagavi, who highlighted the importance of maintaining academic ethics in research and publications. The complete session was handled by Dr Shankar Alegaon, Professor, Department of Pharmaceutical chemistry KLE COP Belagavi. The training was divided into interactive sessions focusing on Turnitin's key features, including similarity index reports, real-time feedback tools, and its integration with institutional Learning Management Systems (LMS).

Participants were introduced to the software's functionality, navigating its user interface, and understanding similarity reports to identify and address potential plagiarism effectively. The session was dedicated to practical demonstrations, where faculty uploaded sample documents and interpreted the results. Advanced features like setting up assignments for student submissions and generating originality reports were also explored.

The session concluded with a Q&A segment, addressing queries about best practices and challenges. Participants expressed satisfaction with the training, emphasizing its relevance in fostering academic integrity. The event successfully equipped faculty with the skills to utilize Turnitin effectively in teaching and research.

About the Workshop Objectives:

Teaching, learning and evaluation are important components of any education system. Teaching faculty are responsible for training highly skilled graduates in S&T who carry out cutting edge research, collaborate with industry, and create start-ups. Scientific research has shown that innovative teaching methods aim to engage students offer active and interactive experiential learning make student learning process easier. Adopting modern innovative teaching methods, embracing the use of information technology AI tools in education empowers both students, teachers, provide meaningful gains to students in terms of academic performance, outcomes, achievement. It's important that science teachers need to inspire, develop innovation, parenting and entrepreneurial thinking mindset among students. Teachers need to be trained on diverse methodologies so that they are able to create a classroom environment that is inclusive, diverse and creative.

Objectives of UDEHP

- To sensitize teachers about new concepts of teaching and assessment methods, ensure continuous quality improvement in teaching learning
- To develop knowledge and laboratory skills required for performing the role of competent and effective teacher, administrator, researcher and mentor

KLE Academy of Higher Education and Research: Yet another chapter in the history of society was begun with a newly formed KAHER, sponsored by KLE Society, is recognized by University Grant Commission (UGC), re-accredited "A+" grade by NAAC and placed in category "A" by MoE, Govt. of India. KAHER takes immense pride in its curriculum and endeavours to provide internationally accepted education and healthcare practices. Setup in a sprawling campus and equipped with latest infrastructure and other facilities, KAHER is set to highlight the KLE Society's commitment to education for the world to see.

KLE College of Pharmacy, Belagavi: It was the first private institution in Belagavi to start a professional Diploma course in Pharmacy in 1968. The college introduced B. Pharm degree course in 1975 and Post-Graduation in 1988, Doctoral Degree from 2000 and Pharm. D from 2014. The institution became a constituent unit of KLE Academy of Higher Education and Research, Belagavi. (Deemed-to-be University) in 2009. Over the past 50 years of its existence the college has transformed in to a centre of academic excellence, which is evident by unique milestones such as NBA and NAAC accreditation.

The institution is ranked 40th among Pharmacy colleges all over India by NIRF (MHRO), in 2022. All courses of the institute are recognized by the Pharmacy Council of India (PCI) and AICTE. The institute has a strong alumni association with over 2000 active members, who are placed globally at various positions in academics, Clinical, Industrial, Regulatory and Entrepreneurial services. As the mark of recognition, the college has received a prestigious research project on the survey of medicinal plants of the Western Ghats, Indian Council of Medical Research (ICMR), and YGSST Govt. of Karnataka and also from government funding agencies like AICTE, DST, etc.

2. Brief report

The one-day UDEHP workshop was organized by Department of Pharmacy Practice, KLE College of Pharmacy, KAHER, Belagavi under the auspices of KLE College of Pharmacy, Belagavi, **UNIVERSITY DEPARTMENT OF EDUCATION FOR HEALTH PROFESSIONALS (UDEHP)**

Date & Day: 20.02.2024, Tuesday

Venue: Seminar Hall Room No 23, KLE College of Pharmacy, Belagavi-10.

Number of sessions: 5 sessions: 3 Lectures & Hands on Activities 2

Total number of participants: 36 In-house: 22 External: - 14

Objectives of DOPE Workshop

- To sensitize teachers about utilization of technology in teaching learning methodology like use of AI.
- To provide hands on training to upskills them for the implementation of AI tools for effective teaching learning

This workshop gave participants guidance and insights on:

1. Innovative teaching methods Using AI that set the stage for a broader teaching learning method
2. How Use AI tools for Improving Research Outcomes in Teaching-Learning Process.
3. Teaching beyond the classroom, newer and effective innovative teaching methods, use of AI , AI tools in teaching, newer and effective method in research using Merlin. Teaching methods that promote critical thinking, problem-solving, collaboration, and creativity in classroom.

3. Introduction about the Workshop:

“Teaching, learning and evaluation are important components of any education system. Teaching faculty are responsible for training highly skilled graduates in Science & Technology who carry out cutting edge research, collaborate with industry, and create start-ups. AI tools have the potential to greatly enhance the learning experience and improve the overall efficiency and effectiveness of pharmacy colleges with the aid of AI assisted tools we can provide support and guidance to both students and teachers alike to improve their knowledge, skills as well as performance. AI powered tutoring system can enhance learning g experience for the students making it interactive as well as adaptive for them. Adopting modern innovative teaching methods, embracing the use of information technology AI tools in education empowers both students, teachers; provide meaningful gains to students in terms of academic performance, outcomes, achievement. It’s important that science teachers need to inspire, develop innovation, patenting and entrepreneurial thinking mindset among students.”

09: Conclusion

The workshop on “AI Driven Transformation in Education: Influence on Teaching Learning Methodology ” was successfully organized as the schedule and expectations of the participants. Workshop had interesting sessions, encompassing both theoretical and Hands on training aspects On AI related teaching learning methodology education facilitated by experienced educators and experts in the field of science education. Participants were introduced to AI tools in education empowers both students, teachers; provide meaningful gains to students in terms of academic performance, outcomes, achievement. It’s important that science teachers need to inspire, develop innovation, patenting and entrepreneurial thinking mindset among students.”

Outcomes:

Practical demonstrations and hands-on activities were part of this workshop meant to enable participants to gain confidence in utilizing the different AI tools effectively in day today teaching & learning activities. At the end of the sessions a very short valedictory function was conducted by. Dr. Geetanjali S Salimath UDEHP Program coordinator and apprised the participants with the summary of all lectures thanked all the resource persons, people involved in successful conduct of the workshop and proposed the vote of thanks for the valedictory function. Participants shared their feedback on the workshop.

Participation certificates were distributed and press note was submitted by program coordinator Dr Gangayya J Wakkundmath, Program Coordinator, KLE College of Pharmacy, Belagavi. Coverage of the workshop was done in regional papers of repute with good viewership and in social media.

10: Feedback analysis of the participants including open ended question

To evaluate the conduct and its usefulness of workshop delegates were asked to give their feedback and express their views. As per oral, formal, informal and google form feedback participants expressed that all the workshop lectures were informative, useful and to their satisfaction appreciated new knowledge components gained/ skills developed at the workshop which include new technological tools for efficient teaching learning,

Report of UDEHP Workshop

INTRODUCTION

In today's fast-paced world, where knowledge evolves at an unprecedented rate, research serves as the cornerstone of progress and innovation. Research is not merely a series of systematic investigations; it is a journey of exploration, discovery, and enlightenment. It empowers us to unravel the mysteries of the universe, challenge existing paradigms, and contribute meaningfully to the collective pool of human understanding. However, like any journey, research requires careful planning, perseverance, and a clear sense of direction. Therefore, Department of Pharmaceutical Analysis, KLE College of Pharmacy, Bengaluru organized a workshop in collaboration with the University Department of Education for Health Professionals (UDEHP) titled "A Road Map to Research" on 22nd & 23rd March, 2024 to equip all with the tools, strategies, and insights necessary to embark on our research endeavors with confidence and clarity.

OBJECTIVES

At the end of the program, one shall be able to understand how to:

- ❖ Define your Research Topic
- ❖ Conduct a Literature Review
- ❖ Design your Study and apply for grants to fund your research
- ❖ Analyze Data and draw Conclusions
- ❖ Protect your intellectual property
- ❖ Communicating your Findings

RESOURCE PERSONS

1. **Dr. Vathsala P.G.**
 - Principal Research Scientist, Undergraduate Programme, Indian Institute of Sciences, Bengaluru.
2. **Dr. Srikumar B.N.**
 - Additional Professor, Department of Neurophysiology, NIMHANS.
3. **Dr. Vandana B.Patravale**
 - Professor of Pharmaceutics at Institute of Chemical Technology, Mumbai, India.
4. **Dr. Srinivas Seekallu**

First session on first day: Dr. Vathasala P.G.

Session began with first speaker **Dr. Vathasala P.G.**, Principal Research Scientist, Undergraduate Programme, Indian Institute of Sciences, Bengaluru who was introduced by Dr. Mamatha A. She delivered a talk on “Basics of Research Methods and how to adapt in Regular Research” to provide participants with a clear understanding of the various stages involved in conducting research, from conceptualization to dissemination of findings.

In her talk, she attempted to equip participants with the necessary skills and techniques to effectively formulate research questions, conduct literature reviews, design studies, analyze data, and communicate research findings. She made the session interactive with her real life experiences and how she tackled the situations. As a token of appreciation, memento was presented to the speaker Dr. Vathsala P.G. by the Principal Dr. Rajamma A.J. and the Vice-Principal Dr. H.N.Shivakumar.

SPEAKER: Dr. VATHSALA P.G.

Second session: Dr. Srikumar B.N.

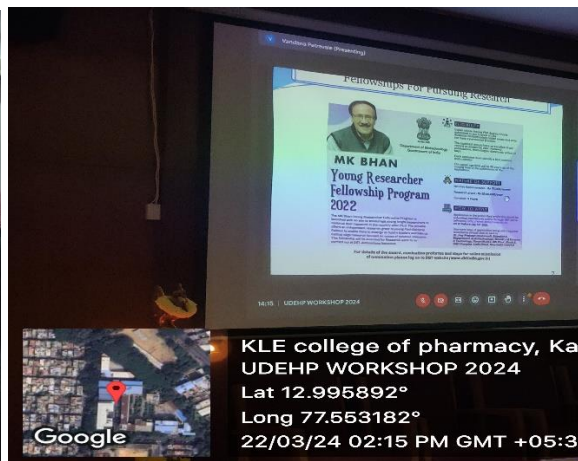

After tea break, session began with the second topic by **Dr. Srikumar B.N.**, Additional Professor, Department of Neurophysiology, NIMHANS. Dr. Srikumar was welcomed by Dr. Vanita Somasekhar and introduced by Dr. Usha D.S. He focused on the topic “A Primer on Referencing & Bibliography Management”. He enlightened participants on how to conduct thorough literature reviews to understand existing research and identify gaps in knowledge. He also focused on different styles of referencing. As a token of appreciation, memento was presented to the speaker Dr. Srikumar B.N. by Dr. Vanita Somasekhar.

SPEAKER: Dr. SRIKUMAR B.N.

Third session: Dr. Vandana B.Patravale

Third session of the day was an online talk by Dr Vandana B.Patravale, Professor of Pharmaceutics at Institute of Chemical Technology, Mumbai, India. Dr. H.N.Shivakumar introduced the speaker to the audience. She conducted a session on “Extramural Funding and Research”. She provided participants with an overview of what extramural funding is, including grants, fellowships, and awards provided by external organizations, government agencies, foundations, and industry sponsors. The speaker also explained the significance of extramural funding in supporting research activities, including funding for projects, equipment, personnel, travel, and other expenses.

SPEAKER: Dr. VANDANA B.PATRAVALE

Fourth session: Dr. Srinivas Seekallu

We began with the fourth session of the day by welcoming the speaker **Dr. Srinivas Seekallu**, Head-Preclinical Research, Test Facility Management, Anthem Biosciences Pvt. Ltd., Bangalore. The speaker was introduced by Mrs. Arvinder Kaur. Dr. Srinivas focused on “Overview on importance of Good Laboratory Practices”. He introduced participants to the definition and purpose of Good Laboratory Practices, emphasizing their role in ensuring the reliability, integrity, and quality of scientific data generated in laboratory settings. The speaker also explained how adherence to GLP principles contributes to the generation of accurate, reproducible, and reliable scientific data, which is essential for making informed decisions in research, development, and regulatory submissions. As a token of appreciation, memento was presented to the speaker Dr. Srinivas Seekallu by Dr. H.N. Shivakumar.

SPEAKER: Dr. SRINIVAS SEEKALLU

SECOND DAY OF UDEHP WORKSHOP 23-03-2024

The second day of the workshop began with welcoming the speakers of the day, **Dr. Pratima Narayan**, Advocate and Mediator, Co-founder, Techlawlogi Consulting LLP and **Dr. S.P.Muthukumar**, Senior Principal Scientist and Professor, Department of Biochemistry, CSIR-Central Food Technological Research Institute, Mysuru by Dr. H.N.Shivakumar and Dr. Vanita Somasekhar respectively.

First session on 2nd day: Dr. Pratima Narayan

The speaker, **Dr. Pratima Narayan** was introduced by Dr. Usha D.S. Dr. Pratima introduced participants to the concept of intellectual property and its various forms, including patents, trademarks, copyrights, and trade secrets. The speaker also familiarized participants with the criteria for patentability in the pharmaceutical industry, including novelty, non-obviousness, utility, and enablement, and the importance of conducting prior art searches to assess patentability. The session was interactive as the speaker provided real-world case studies and examples to illustrate key concepts and principles related to pharmaceutical IP. As a token of appreciation, a memento was presented to the speaker Dr. Pratima Narayan by Dr. Mamatha A.

SPEAKER: Dr. PRATIMA NARAYAN

Second session on 2nd day: Dr. S.P.Muthukumar

The second session was started after a short tea break. **Dr. S.P. Muthukumar** addressed the session on the topic “Smart Publication Skills”. He provided guidance on improving writing skills for academic publications, including clarity, coherence, conciseness, and adherence to disciplinary

conventions. The session helped empower participants with the knowledge, skills, and confidence to navigate the publication process effectively, maximize the impact of their research, and advance their academic and professional careers. As a token of appreciation, a memento was presented to the speaker Dr. S.P.Muthukumar by Dr. H.N. Shivakumar.

SPEAKER: Dr. S.P.MUTHUKUMAR

VALEDICTORY FUNCTION

A valedictory function was arranged at the end of the UDEHP workshop. Dignitaries, Vice-Principal Dr. H.N.Shivakumar, Program coordinator Dr. Vanita Somasekhar, and UDEHP coordinator Dr. Hariprasad M.G. graced the function. Mr. Uttam Kumar delivered the vote of thanks and certificates were distributed to the external participants by Dr. S.P.Muthukumar.

Report of Workshop on *"Enhancing skills for E-content Integration in Contineo and Impartus"*

Date: 27/06/2024

Organized by: KLE College of Physiotherapy, Hubballi.

Attendee: All Faculty members of KLE College of Physiotherapy, Hubballi.

KLE College of Physiotherapy organized a workshop on ***"Enhancing skills for E-content Integration in Contineo and Impartus"*** on 27th June 2024 at Lecture Hall No 2 at JGMM Medical College.

The session was led by Mr. Raviraj, Senior Product Specialist, Contineo who was the resource person for this session. It was an informative session and was conducted with the aim to improve participants' proficiency in integrating e-content into Contineo software. The resource person not only delved into the core objective but also showcased various other functionalities of the software.

A major focus of the session was on e-content integration into Contineo and Impartus. Mr. Raviraj provided a step-by-step walkthrough on uploading presentations (PPTs) and videos onto the platform. This practical demonstration equipped participants with the skills needed to enhance the visibility of their teaching materials through the software.

Furthermore, the session shed light on the student's perspective, emphasizing how easily they can access the uploaded content. This user-friendly interface ensures that students can seamlessly navigate and engage with the educational materials, contributing to an enriched learning experience.

Mr. Raviraj also demonstrated the software's capacity to efficiently manage daily attendance, a crucial aspect of academic administration. Participants gained insights into how Contineo simplifies the attendance tracking process for educators, streamlining this essential aspect of their responsibilities.

Moving forward, the session highlighted the software's capabilities in assigning tasks to students. This feature proved to be instrumental in the seamless distribution of assignments and projects. Mr. Raviraj's demonstration emphasized how Contineo contributes to effective task management within an educational setting.

Another significant aspect covered during the session was the uploading of marks for assignments and internal assessment exams. Participants learned how Contineo streamlines the grading process, making it more accessible and user-friendly for educators handling diverse academic assessments. Impartus enables faculty members to create and share recorded lectures, providing students with flexible access to course material anytime and anywhere.

In conclusion, the session not only achieved its primary objective of enhancing skills for e-content integration but also provided a comprehensive overview of Contineo's capabilities. Mr. Raviraj's insightful demonstration showcased the software's versatility, making the session invaluable for educators seeking to maximize the potential of Contineo in their teaching practices.
