ASSESSMENT OF WORKSHOP FEEDBACK

Comments;

1. It was a helpful workshop and understood many things related to research. Some examples should be given for clear understanding.
2. Nice, but could have been better if it's done for 5-7 days could have gained more knowledge.
3. Statistics class should be conducted in class room not in AV hall.
4. Workshop days should extend more than 3 days. Grasping everything continuously is difficult so it should not be continuous so that students can grasp.
5. Workshop went very good but just statistics part was not good enough due to unavailability of blackboard.
6. The continuous schedules will not reach the needs, as it is very difficult to carry the interest, keep the schedule in spitting manner for a week.

APPEAL

Ayurveda obtained global recognition as science of life. Though people understand Ayurveda is an herbal medicine yet several preparations are Herbo mineral and Mineral formulations serving mankind.

The safety of the mineral ingredients in various formulations has been questioned and it has become concern to all Ayurvedic fraternity. Considering the global demand of Ayurvedic medicine, traders started adulterating and substituting of raw materials and this has contributed more controversy to the existing controversies in raw material identification. Hence, this is the right time to identify genuine raw materials to preserve the global faith in Ayurveda.

The Department of Geology has made several advances and developed various methodologies for identification of **Minerals and ores**. Considering the need of Genuine identification mineral raw material Dept of Rasashastra and Bhaishajya Kalpana organized hands on training workshop **"KHANIJA-24"** in collaboration with department of Geology G.S.Science College, Tilakwadi-Belagavi.

The Workshop is intended to focus on

- Various identification methods of minerals and Methods.
- Practical demonstration of identification methods
- Exposure to various collections of minerals and ores.

This is a unique and rare opportunity for II BAMS students to update contemporary Science knowledge required to understand Rasadravyas as per recently revised syllabus of **NCISM**

Hands on training

All very informative

Hands on training. It helped in good clarity in performing the test

All the sessions

Hands on training, practical aspect

Hands on training... was good experience

Interactive session

Morning session

Hands on training on mineral identification parameters and as it was done in small group it was very easy for us to understand it well..

Had good experience in Hands on training.

Hands on training to mineral identification

Hands on training and all the sessions

Hands on training- practical aspect i.e mineralogical identification and optical properties.

Hands on training

Demonstration of geological parameters of rasadravyas. Practical experience is more effective than theoretical study.

All part

All sections

Hands on training about different properties of mineral

Hands on Training - It was informative and Learnt many things

Geology museum visit because we came to native form of most of the minerals

CIRCULAR

All the faculty members are cordially invited for the inaugural function of guest lecture titled "Applications of Biostatistics using SPSS Software" organized by Department of Pharmacology, KLE College of Pharmacy, Belagavi. The Inaugural function is scheduled on 17th January at 10:20 am, Seminar Hall, 5th floor, KLE College of Pharmacy, Belagavi.

Details of Guest Lecture

Title - Applications of Biostatistics using SPSS Software

Speaker - Dr. Shivalingappa B. Javali, Senior Associate Professor, Statistics Department of Community Medicine, USM KLE, Belagavi

Principal,

KLE College of Pharmacy,

Belagavi – 590010

Schedule of Workshop:

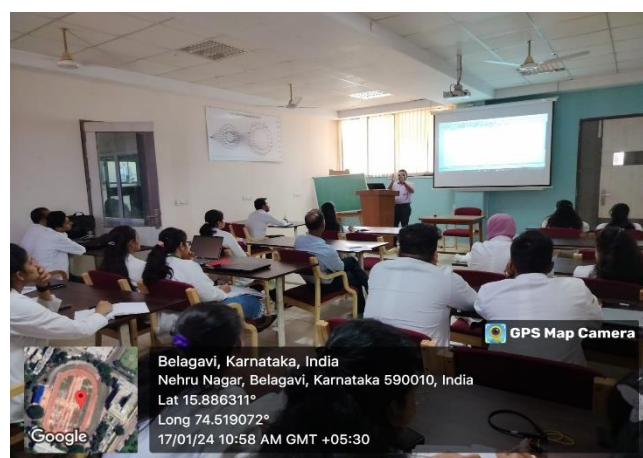

Sl No	Resource Person	Topic	Time
1	Dr. Shivalingappa B Javali	Demonstration on SPSS soft wear	11:00 to 12:30
2	Mr. Kiran Bhandary	Demonstration on Sigma Plot 14.5	02:00 to 03:30

Department of Pharmacology organised guest lecture with the title of “Soft skill development in Biostatistics for Pre-clinical study” on 17th January 2024 at KLE college of Pharmacy, Belagavi. The guest lecture was included two sessions.

Dr. Shivalingappa B Javali, Sr. Associate professor in statistics, Department of community medicine, USM KLE IMP, Belagavi demonstrated SPSS soft wear for statistical studies. He also explain how to enter data and how to analyse data. Session was ended with question and answers.

Mr. Kiran Bhandary, Technical Associate, Inpixon, delivered guest lecture online mode, he demonstrated Sigma Plot 14.5 soft wear for statistical studies. He also explain how to enter data and how to analyse data. Mr. Abhinandan Munnolli welcomed the resource persons and Mr. Prakash Biradar delivered vote of thanks. Total 30 post graduate students were present.

“Laboratory Safety and Procedure.”

The Department of Pharmacology, KLE College of Pharmacy, Belagavi, organized a training programme for Non-teaching staff on 14.03.2024, with the title of “Laboratory Safety and Procedure.”

Dr. Mallappa Shalavadi, as the Associate Professor and Head of the Department of Pharmacology at HSK College of Pharmacy, Bagalkot, conducted a training programme focusing on "Laboratory Safety and Procedure." Throughout the session, He accentuated the paramount importance of safety measures in laboratory settings. He provided comprehensive guidance on handling various hazardous substances, emphasizing the critical need for meticulous attention to safety protocols.

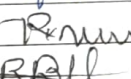

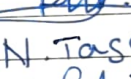

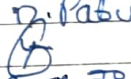

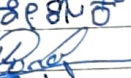

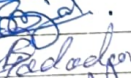

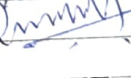

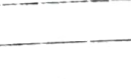

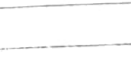

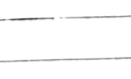

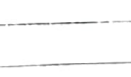

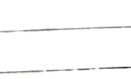

In addition to laboratory safety, he also delved into the nuances of ensuring safety in animal houses, highlighting the ethical responsibilities associated with research animals. By imparting insights into the significance of animal house safety, he underscored the need for meticulous care and attention to the well-being of the animals involved in research experiments.

Total 14 nonteaching staff were present in training programme. Mr. Abhinandan Munnolli welcomed resource person and Dr Priyanka Patil proposed vote of thanks.

4	Date	10 th October 2024
5	Duration	01 Day
6	Location (Venue)	KLE College of Pharmacy, Belagavi
7	Objective of the program	Several crucial aspects related to nanotechnology in brain therapy. Provided a detailed overview of the development of nanoparticles as drug delivery systems, focusing on how these particles can cross the blood-brain barrier to target specific areas within the brain. He also discussed ongoing clinical trials and the immense potential nanotechnology holds for the future of treating neurological disorders. His presentation emphasized the advantages of nanoparticle-based drug delivery in increasing the precision of treatments while minimizing side effects.
8	Activities carried out during the program	The session was led by Mr. Swapnil Patil, a Research Associate at Vyuhgenics India Pvt Ltd, who is well-versed in the field of nanotechnology, particularly in its application for brain-targeted therapies. The event was convened by Prof. (Dr.) Sunil S. Jalalpure, Principal of KLE College of Pharmacy, Belagavi, with support from the Head of the Department, Prof. (Dr.) P. M. Dandagi, and was coordinated by Dr. Bhaskar Kurangi. The Master of Ceremonies, Mrs. Kishori Sutar, efficiently managed the proceedings of the event. All postgraduate (PG) and PhD scholars from the department were present for the guest lecture.

1. Highlights / Key points of the topics discussed:

Date & Time	Speaker	Topic
22 nd August 2024		
10. 00 AM to 11.30 AM	Mr. Amit Vernekar Founder of Chemioptics Healthcare, IIT Hyderabad	Observational records, Problem identification and Customer development
11.45 AM to 1.30 PM	Mr. Amit Vernekar Founder of Chemioptics Healthcare, IIT Hyderabad	Minimum Viable Product (MVP), Innovation Accounting
2.30 PM to 4.30 PM	Dr. F. S. Dasankoppa Professor & Head Department of Pharmaceutics KLE College of Pharmacy, Hubballi	Group Activity and Case Studies

Mr. Amit Vernekar briefly explained the lean startup methodology, emphasizing the rapid iterative development that meets the market needs.

Mr. Amit Vernekar also conveyed the concept of Minimum Viable Product for the development of business idea's with minimal resources. He also highlighted the significant role of MVP in business development strategies. The MVP plays a crucial role in ensuring that a startup's efforts are aligned with market needs and customer desires. It allows for efficient use of resources, faster time-to-market, and the ability to adapt and pivot based on real feedback. Ultimately, the MVP is about building the right product by learning as much as possible with the least effort.

Dr. Fatima S Dasankoppa has introduced various case studies and examples that foster the development of viable products and find novel solutions to the problem. Mam has also pitched her idea into a viable product for the treatment of burn injuries.

Benefits of the Workshop:

The outcome of the workshop was assessed by obtaining feedback from all the registered delegates, they were acquainted with the different concepts of Lean Startup and Minimum Viable Product, like Product-Market Fit, Problem Identification, Build-Measure, and Customer Development. The delegates were also introduced to the concept of Minimum Viable Product (MVP) like Pivoting, Innovation Accounting, Customer Acquisition, Retention, and Scaling. The delegates were also exposed to different group activities and case studies to better understand its way functioning and evaluation.

This workshop covered the topics that they had expected and the concepts learned can be implemented for innovation, continuous improvement and customer needs. Hence, the outcome of the workshop was fulfilled with the following objectives:

- Identify problems using unbiased observational records
- Develop a product that fits market needs and is scalable
- Engage with customers to refine solutions and launch a Minimum Viable Product (MVP)
- Focus on continuous improvement and scaling the business.

WORKSHOP ON

"COMPETENCY BASED EDUCATION"

11th & 12th November, 2024

Venue: Seminar Hall

ORGANIZED BY:

Department of Pharmacognosy

KLE College of Pharmacy, Hubballi

Dear Colleagues / Friends

It gives me immense pleasure to invite you for the workshop on “**Competency Based Education**” on 11th to 12th November, 2024 is organized by Department of Pharmacognosy, KLE College of Pharmacy, Hubli under the auspices of KLE Academy of Higher Education and Research (KAHER), University Department of Education for Health Professionals (UDEHP), Belagavi.

About the Workshop::

Competency-Based Education (CBE) is an innovative approach that emphasizes the mastery of specific skills and knowledge over traditional time-based learning. The mastery acquired in CBE is assessed through various methods, ensuring learners fully understand a topic before advancing. CBE fosters a learner-centered environment that empowers students to take charge of their education. As a result, CBE is becoming increasingly popular in diverse educational settings.

OBJECTIVES:

- 1.Understand CBE Fundamentals:** Gain a clear understanding of the principles and philosophy behind CBE.
- 2.Identify Competencies:** Learn how to identify and develop competencies relevant to your curriculum and student needs.
- 3.Assessment Strategies:** Explore various assessment methods that measure student mastery and provide actionable feedback.
- 4.Personalized Learning Plans:** Discover how to create individualized learning plans that allow students to progress at their own pace.
- 5.Real-World Application:** Discuss how to integrate real-world scenarios and applications into your teaching to enhance relevance and engagement.

UDEHP Workshop Report

Title: ***“Competency Based Education”***

Date: 11th & 12th November 2024

Venue: KLE COLLEGE OF PHARMACY, HUBBALLI

INTRODUCTION:

It gives us immense pleasure to invite you for the workshop on “Competency Based Education” being organized by KLE College of Pharmacy, Hubballi, under the auspices of KLE Academy of Higher Education and Research (KAHER's) University Department of Education for Health Professionals' (UDEHP), Belagavi.

Competency-based education is a method of academic instruction and evaluation based upon students demonstrating their mastery of a subject. This method focuses on having students “show what they know” and applying the concepts they’ve learned to evaluations that show they’ve truly grasped the subject.

OBJECTIVES:

At the end of the Session/Program one shall be able to understand:

1. Competency based Education (CBE) is to produce holistic individuals with competencies, values, knowledge, and skills necessary to succeed in a highly competitive world.
2. Offers different support to every student as required by them.
3. Progress of the student is purely measured on the skills and knowledge gained by them
4. Students are encouraged to assess themselves and understand their progress and shortcomings to take accountability for the results.

RESOURCE PERSONS:

1. **Prof. Ashwini N**
2. **Prof. Ravi Kulkarni**
3. **Dr. Gururaj Patil**
4. **Shri. B M Kadetodad**
5. **Dr. G.A Hampannavar**
6. **Dr. H.N Sholapur**

NUMBER OF PARTICIPANTS: 32

External:02 (From Constituent Units of KAHER, 01 Kaher’s BMK Ayurveda Mahavidyalaya, 01 from KLE College of Physiotherapy, Hubballi.)

Internal: 30

CONCLUSION:

The Workshop was successfully conducted with 30 in house participants, 02 participants for KAHER’S Constituent units i.e. 01 from Kaher’s BMK Ayurveda Mahavidyalaya and 01 from KLE College of Physiotherapy, Hubballi. The workshop was very interactive and all the participants were benefitted from the same.

1. Which factors particularly helped your learning to-day?

- Excellent interactive session
- Very much helpful in understanding teaching learning
- Different Strategies for competency Based Education
- Very informative session on Importance of Competency Based Education in Health Sciences
- Well Organised Facilities In Workshop
- Well managed on time
- All Topics Were Helpful With interaction
- All factors are useful
- Interaction session was excellent
- Excellent session on Preparing Students for the Future
- Very informative session on unlearn to learn
- Good learning session on Competency Based Education

2. Which factors did not support your learning to-day?

- Too many topics
- Very much difficult to understand
- Learning sessions
- Tough to implement in health science
- Weak power supply

3. Any other comments/suggestions for future programs.

- Overall good content and workshop
- Speakers were really very good
- Request to conduct such workshop frequently to understand Competency Based Education in Health Sciences
- Very nice
- Very much informative, knowledgeable workshop
- It was a great learning experience
- More time would have given to few speakers
- Overall the workshop was excellent, great hospitality by KLECOPH
- Wonderful session, keep on bringing new things in the future for teacher and students
- We would have to like attend such workshop regularly

Total Participants: 43

Introduction of the workshop

Animal models are essential for enhancing neurosurgical skills and understanding neurodegenerative disorders, as they provide critical insights into disease mechanisms and therapeutic strategies.

Animal models have emerged as vital tools in this endeavor, providing researchers with the ability to investigate the underlying mechanisms of neurodegeneration and to evaluate potential therapies before clinical application. Historically, rodent models have dominated this field due to their genetic manipulability and relatively short life cycles. However, they often fail to replicate the full spectrum of human disease pathology, particularly the overt neurodegeneration that characterizes these disorders.

Role of Animal Models in Neurosurgery:

Animal models, particularly rodents, have been pivotal in elucidating the molecular pathways involved in neurodegenerative diseases like Alzheimer's (AD), Parkinson's (PD), and Huntington's disease (HD). These models allow researchers to investigate genetic mutations and their effects on neuronal function, although many rodent models do not exhibit the overt neurodegeneration characteristic of human conditions, limiting their utility for therapeutic testing.

This workshop was conducted to train the students for animal handling during the experiments and understand the animal models study better.

Details of the workshop

The workshop was anchored by **Mrs.Neha Mali**, Assistant Professor, Department of Pharmacology, KLE College of Pharmacy, Hubballi.

The formal inaugural function began with a soulful invocation song performed by Ms. **Shivani Shele** M Pharm IInd year student. The song, which invoked blessings and set a serene tone for the event, was a beautiful and traditional way to commence the proceedings. It created an atmosphere of reverence and focus, preparing everyone for the day's activities.

Following the invocation, **Dr. N.M Jeedi, HOD Dept. of Pharmacology**, Program Co-coordinator delivered the welcome address. In his welcome address, he highlighted the significance and the applications of using animal models study .

“As we light this lamp, let it be a symbol of enlightenment, illuminating our minds with knowledge and wisdom, our hearts with purity and our paths with inspiration”.

The Lighting of Lamp was gracefully performed by the Principal Sir, Program Coordinators, and Dr. Mallappa Shalavadi respected speakers of this workshop.

Dr.S.B Patil briefly explained about the workshop and followed by introduction of the resource person by Dr. S.K Nimabl .

Dr. AHMV Swamy, Principal KLE College of Pharmacy, Hubballi graciously extended presidential remarks for the workshop.

The vote of thanks is a crucial component of any workshop, serving as a formal expression of gratitude, recognition, closure, and encouragement. It reinforces positive relationships, fosters a sense of community, and leaves a lasting impression on participants. The vote of thanks was proposed by **Dr. Laxmi Pattanashetti , Assistant Professor, KLE College of Pharmacy, Hubballi.**

Hands-on training is essential for translating theoretical knowledge into practical skills. It fosters active engagement, enhances problem-solving abilities, provides immediate feedback, and prepares participants for real-world applications.

Followed by the lecture was continued by the speaker Dr. Mallappa shalavadi on **Neurosurgical Skills.**

In the afternoon session hands on training was conducted.

ಹುಬ್ಬಳ್ಳಿ, ಸೆ.21: ನಗರದಲ್ಲಿರುವ ಕೆ.ಎಲ್.ಐ ಔಷಧ ವಿಜ್ಞಾನ ಮಹಾವಿದ್ಯಾಲಯದ ಫಾರ್ಮಕಾಲಜಿ ವಿಭಾಗದ ಸಹಯೋಗದಲ್ಲಿ ಎನ್‌ಹ್ಯಾನ್ಸಿಂಗ್ ನಿಯೋಸರ್ಜಿಕಲ್ ಸ್ಕ್ವೇಲ್: ಲೇವರೆಜೀಂಗ್ ಅನೀಮಲ್ ಮೊಡಲ್ ಪಾರ್ ನಿಯೋಡಿಜನೇರೇಟಿವ್ ಡಿಸ್‌ಆರ್ಡರ್ ಎಂಬ ವಿಷಯದ ಮೇಲೆ ಒಂದು ದಿನದ ಕಾರ್ಯಾಗಾರ ಜರುಗಿತು.

ಬಾಗಲಕೋಟೆಯ ಜಿ.ವಿ. ಸಂಸ್ಥೆಯ ಹಾನಗಲ್ ಕುಮಾರೇಶ್ವರ್ ಔಷಧ ವಿಜ್ಞಾನ ಮಹಾವಿದ್ಯಾಲಯದ ಹಿರಿಯ ಪ್ರಾಧ್ಯಾಪಕ ಡಾ.ಮಲ್ಲಪ್ಪ ಶಲವಡಿ ಕಾರ್ಯಾಗಾರವನ್ನು ಉದ್ಘಾಟಿಸಿ ಔಷಧಿ

ಯ ಕ್ಷೇತ್ರದಲ್ಲಿ ಪ್ರಾಣಿಗಳ ಮೇಲಿನ ವಿವಿಧ ಸಂಶೋಧನೆಗಳಿಗೆ ಬೇಕಾದ ಉಪಕರಣಗಳ ಬಗ್ಗೆ ಸವಿಸ್ತಾರವಾಗಿ ಮಾತನಾಡಿದರು.

ಕಾರ್ಯಾಗಾರದ ಅಧ್ಯಕ್ಷತೆಯನ್ನು ವಹಿಸಿದ ಮಹಾವಿದ್ಯಾಲಯದ ಪ್ರಾಚಾರ್ಯರಾದ ಡಾ. ಎ. ಎಚ್.

ಎಂ. ವಿಶ್ವನಾಥ ಸ್ವಾಮಿ ಔಷಧಿಯ ಕ್ಷೇತ್ರದಲ್ಲಿ ಪ್ರಾಣಿಗಳ ಬಳಕೆ ಮತ್ತು ಅವುಗಳ ಮೇಲಿನ ಸಂಶೋಧನೆಗಳಲ್ಲಿ ಅನುಸರಿಸಬೇಕಾದ ನೀತಿ, ನಿಯಮಗಳು ಮತ್ತು ತರಬೇತಿಗಳ ಬಗ್ಗೆ ಮಾತನಾಡಿದರು.

ಕಾರ್ಯಾಗಾರದ ಮುಖ್ಯ

ಸಂಯೋಜಕರಾದ ಡಾ.ಎನ್.ಎಮ್. ಜೆಡಿ ಫಾರ್ಮಕಾಲಜಿ ವಿಭಾಗದಲ್ಲಿ ಸದ್ಯ ಚಾಲನೆಯಲ್ಲಿರುವ ಸಂಶೋಧನೆಗಳು ಮತ್ತು ಸಹಭಾಗಿತ್ವದ ಬಗ್ಗೆ ವಿವರಿಸಿದರು.

ಸಹ ಸಂಯೋಜಕರಾದ ಡಾ. ಎಸ್.ಕೆ. ನಿಂಬಾಳ ಡಾ.ಸಂತೋಷ ಪಾಟೀಲ್ ಕಾರ್ಯಾಗಾರದ ಮೂಲ ವಿಷಯದ ಸಂಕ್ಷಿಪ್ತ ವಿವರಣೆ ನೀಡಿದರು. ಕಾರ್ಯಾಗಾರದ ಸದಸ್ಯರಾದ ಡಾ. ಲಕ್ಷ್ಮೀ ಪಟ್ಟಣಶೆಟ್ಟಿ ಮತ್ತು ನೇಹಾ ಮಾಳಿ ನಿರೂಪಿಸಿದರು. ರಾಜ್ಯದ ವಿವಿಧ ಮಹಾವಿದ್ಯಾಲಯಗಳಿಂದ ಸುಮಾರು 50 ಜನ ಸಂಶೋಧಕರು ಮತ್ತು ವಿದ್ಯಾರ್ಥಿಗಳು ಭಾಗವಹಿಸಿದ್ದರು.

CO-ORDINATOR REPORT OF THE WORKSHOP

1. Title of the Workshop: “Molecular Docking and 3 D Printing Technology: The Future of Pharma Field”

2. Date: 31st July 2024 to 3rd August 2024

3. Name of the Convenor: Dr. AHM Viswanathswamy
Principal & Head
Dept of Pharmacy Practice
KLE College of Pharmacy, Hubballi

4. Name of the Coordinators: Dr. A.A. Ankalikar
Associate Professor
Dept of Pharm-Chemistry
KLE College of Pharmacy

Dr. PradeepKumar M.R.
Assistant Professor
Dept of Pharmaceutical Chemistry
KLE College of Pharmacy

5. Resource Persons: Total No. of Participants: 50

Workshop Details:

- Launching a new drug molecule into the market involves a tedious time and money consuming drug discovery process which may cost a whopping 2.6 billion USD and may last for a time span of 14 years or more. Assisted drug discovery processes can shorten the time length and prove to be feasible economical. Molecular docking is a computational simulation method used in drug design and discovery that helps to predict the binding affinity and orientation of a ligand molecule to a protein target. Molecular docking algorithms use several sophisticated techniques to explore the conformational space of the ligand and the protein target and predict the optimal docked orientation and binding affinity of the ligand to the target protein. Once a set of candidate compounds have been predicted, they can be optimized through further computational and experimental studies, such as molecular dynamics simulations and structure-activity relationship studies, to fine-tune their molecular properties and optimize their pharmacokinetic and pharmacodynamics profiles.
- Three dimensional printing is a novel technology which can be used for fabrication of personalized medicines. The technique involves using a wide variety of procedures which are assembled together which have computer aided drug design as a base and which has the mechanism of controlled deposition of materials layer by layer providing products of superior quality which are customized with improved safety and efficacy. 3D printing, also known as additive manufacturing, has emerged as a promising technology in the pharmaceutical industry for its ability to produce customized, high-quality, and complex dosage forms.

Objectives:

To appraise the participants with:

- To apprise the participants and aid Structure activity relationship studies
- Elucidate Mechanism of Action
- Empower to make drug discovery safe, less time consuming and cost effective
- Introduce the basics of 3D printing technology
- Using 3D printing knowledge to develop drug prototypes faster and efficiently
- Minimizing the time and cost of drug discovery, design and manufacturing

FLOW OF EVENTS FOR WORKSHOP

DAY:1 31st July 2024

Sl. No.	TIME	SPEAKER	TOPIC
1.	9.00am to 10.00am	Inauguration by: Dr. Nitin Gangane Hon. VC KAHER Belagavi	--
2.	10.00am to 11.30am	Dr. Santosh Patil KLECOPH	Unravelling the Potential of Molecular Docking in Preclinical Research
3.	11.30am to 11.45 am	TEA BREAK	
4.	11.45 am to 1.15pm	Dr. Suvamay Jana IIT Dharwad	Current Trends and Future Prospects
5.	1.15pm to 2.15pm	LUNCH BREAK	
6.	2.15pm to 3.45pm	Mr. Manish Amin CEO & Director Avay BioSciences Bengaluru	3D printing applications and demonstration
7.	3.45pm to 4.00pm	TEA BREAK	
8.	4.00pm to 5.30pm	Mr. Junaid Parker CEO & Director Avay BioSciences Bengaluru	3D printing applications and demonstration

DAY:2 1st August 2024

Sl. No.	TIME	SPEAKER	TOPIC
1.	10.00am to 11.30am	Dr. B.M. Gurupadayya HoD JSS College of Pharmacy Mysuru	Accelerated Molecular Discovery: Spotlight on Docking and Dynamics Simulations
2.	11.30am to 11.45 am	TEA BREAK	
3.	11.45 am to 1.15pm	Dr. F.S. Dasankoppa KLECOPH	Comparative review of 3D printing technology and case studies
4.	1.15pm to 2.15pm	LUNCH BREAK	
5.	2.15pm to 3.45pm	Dr. G.A. Hampannavar KLECOPH	Integrating Molecular Docking and 3D Printing technologies into Practice
6.	3.45pm to 4.00pm	TEA BREAK	
7.	4.00pm to 5.30pm	Dr. Pankaj K. Singh NIPER Hyderabad	Targeted Delivery for Cancer Treatment using 3D bio printing

DAY:3 2nd August 2024

Sl. No.	TIME	SPEAKER	TOPIC
1.	9.00am to 5.30pm	VISIT TO DESHPANDE START UPS Didactic session on 3 D printing Technology Demonstration of 3 D printing Technology	

DAY:4 3rd August 2024

Sl. No.	TIME	SPEAKER	TOPIC
1.	9.30am to 11.00am	Dr. Somdatta Chaudhari Modern College of Pharmacy, Pune	Big Data Handling Techniques and Repurpose using Virtual Screening
2.	11.00am to 11.15 am	TEA BREAK	
3.	11.15am to 12.45pm	Dr. Vijaybhasker Manipal Academy of Higher Education and Research	Strategies' for Effective Teaching and Professional Growth

5.	1.30pm to 3.00pm	Dr. Somdatta Chaudhari Modern College of Pharmacy, Pune	Hands on training of Molecular Docking
6.	3.00pm to 4.00pm	Mr. Sachin Marihal	Insights on importance of AI enabled big data tool in accelerating R & D along with innovation and introduction to Pharmacodia global data base- An AI assisted intelligence database platform
7.	4.00pm to 5.00 pm	Mr. Anil Ranadev	Deep Dive into AI tools for innovative drug target selection and molecular design called Cyber AIDD
8.	5.00pm to 6.00pm	Chief Guest Prof. S.M. Shivprasad Executive Committee Member, VGST	Valedictory Function

BROCHURE:

KLE Society, Belagavi: Moment of change swept across the landscape of Karnataka and Maharashtra with the birth of KLE Society in 1916 by the vision of group of dedicated founders. This society is now acknowledged as phenomenon that has defined a meaning of quality education in the region. Today, KLE Society manages 296 institutions and 02 universities with student strength of more than 1.38 Lakh and 18,000 faculty offering world class education in Healthcare, Agriculture, Engineering, IT, Law, Pharmacy and other paramedical sciences.

KLE Academy of Higher Education and Research, Belagavi: Yet another chapter in the history of society was begun with a newly formed KAHER, sponsored by KLE Society, is recognized by University Grants Commission (UGC), re-accredited "A" grade by NAAC and placed in category "A" by MHRD, Govt. of India. KAHER takes immense pride in its curriculum and endeavors to provide internationally accepted education and healthcare practices. Set up in a sprawling campus and equipped with latest infrastructure and other facilities, KAHER is set to highlight the KLE Society's commitment to education for the world to see.

KLE College of Pharmacy, Hubballi: It was the first private institution in Hubballi to start a professional diploma course in Pharmacy in 1985. The college introduced B. Pharm degree course in 1991 and Post-Graduation in 1999, Doctoral Degree from 2004 and Pharm.D. from 2014. College was accredited since 2003 by NBA, New Delhi. All the courses run by the institution are recognized by Govt. of Karnataka, Pharmacy Council of India, All India Council for Technical Education and University Grants Commission, New Delhi.

Workshop Details:

AI tools have the potential to greatly enhance the learning experience along with this AI algorithm can be put to good use for quickly and easily generate flawless grammatically correct, well written and accurate research manuscripts. Use of this AI knowledge can help researchers to review relevant papers, collect, comprehend and analyze data decrease plagiarism and bring about seamless team collaborations.

Objectives:

To appraise the participants with:

- Introduction to potential of AI in scientific writing and communication.
- With essential skills in manuscript writing, editing and publishing.
- Foster an understanding of ethics while using AI tools and use the same responsibly.

Expected outcomes

- To use the knowledge gained on various AI tools available for manuscript writing.
- To aid researchers in generating high quality accurate manuscripts in less span of time.
- To facilitate researchers with knowledge of using AI tools for spawning errorless, grammatically correct research papers.

6. Workshop Details: The National Institutional Ranking Framework(NIRF) is an initiative by the Government of India to rank institutions of higher education in the country. NIRF ranks institutions based on various parameters, including teaching, learning, research, outreach, and overall performance. The primary reasons why institutions need NIRF rankings because it encourages institution to focus on improving their overall quality in terms of teaching, research, infrastructure, and other key parameters. Higher rankings may attract international students, faculty, and collaborations, thereby enhancing the global reputation of the institution. This competition fosters a culture of continuous improvement and innovation.

7. About the conference:

Clinical trials are essential for evaluating new medical interventions, requiring meticulous planning and adherence to ethical and regulatory standards. Designing and implementing a clinical trial involves defining study objectives, selecting participants based on eligibility criteria, and developing a protocol outlining study procedures and data analysis methods. Regulatory approval must be obtained before enrollment begins, with ongoing monitoring of participant safety and data integrity throughout the trial. Data collection and analysis aim to assess intervention efficacy and safety, with results disseminated transparently to inform clinical practice. Effective trial management is crucial, encompassing site oversight, documentation management, and timely communication among stakeholders. Conference on clinical trial design and implementation equip participants with comprehensive knowledge and practical skills to navigate the complexities of trial planning, conduct, and management, covering topics such as study design principles, regulatory requirements, and ethical considerations.

Venue: KLE IMSR Seminar Hall, Hubballi.

KLE Society: Moment of change swept across the landscape of Karnataka and Maharashtra with the birth of KLE Society in 1916 by the vision of group of dedicated founders. This society is now acknowledged as phenomenon that has defined a meaning of quality education in the region. Today, K.L.E Society manages 282 institutions and 02 universities with student strength of more than 1.38 Lakh and 18,000 faculty offering world class education in Healthcare, Agriculture, Engineering, IT, Law, Pharmacy and other paramedical sciences.

KLE Academy of Higher Education and Research: Yet another chapter in the history of society was begun with a newly formed KAHIER, sponsored by K.L.E Society, is recognized by University Grants Commission (UGC), reaccredited "A+" grade by NAAC and placed in category "A" by MHRD, Govt. of India. KAHIER takes immense pride in its curriculum and endeavors to provide internationally accepted education and healthcare practices. Setup in a sprawling campus and equipped with latest infrastructure and other facilities, KAHIER is set to highlight the K.L.E Society's commitment to education for the world to see.

KLE College of Pharmacy, Hubballi: It was the first private institution in Hubballi to start a professional diploma course in Pharmacy in 1985. The college introduced B.Pharm degree course in 1991 and Post-Graduation in 1999, Doctoral Degree from 2004 and Pharm.D. from 2014. College was accredited since 2003 by NBA, New Delhi. All the courses run by the institution are recognized by Govt. of Karnataka, Pharmacy Council of India, All India Council for Technical Education and University Grants Commission, New Delhi.

About the Workshop:		Programme Schedule		CHIEF PATRON	
<p>Clinical trials are essential for evaluating new medical interventions, requiring meticulous planning and adherence to ethical and regulatory standards. Designing and implementing a clinical trial involves defining study objectives, selecting participants based on eligibility criteria, and developing a protocol outlining study procedures and data analysis methods. Regulatory approval must be obtained before enrollment begins, with ongoing monitoring of participant safety and data integrity throughout the trial. Data collection and analysis aim to assess intervention efficacy and safety, with results disseminated transparently to inform clinical practice. Effective trial management is crucial, encompassing site oversight, documentation management, and timely communication among stakeholders. Conference on clinical trial design and implementation equip participants with comprehensive knowledge and practical skills to navigate the complexities of trial planning, conduct, and management, covering topics such as study design principles, regulatory requirements, and ethical considerations.</p> <p>Objectives:</p> <p>To appraise the participants with:</p> <ul style="list-style-type: none"> The understanding of basic principles of clinical trials The skills and knowledge for the designing and implementation of clinical trials. <p>Expected outcomes:</p> <p>This conference intends to introduce participants to the renowned academicians, researchers and CRO's who have accepted to join and share their expertise on the conduct of clinical trials and challenges faced during the conduct of clinical trials.</p> <p>At the end of the conference, the participants will be able to:</p> <ul style="list-style-type: none"> Comprehend fundamental concepts of Clinical Trials. 6	Location	Asha Krian, KLE College of Pharmacy, Bengaluru
7	Name and Designation of the Speaker	Dr. Srinivas Seekallu (Head-Preclinical Research, Anthem Bioscience Pvt Ltd, Bengaluru)
8	Objective of the program	The aim of this guest lecture was to provide students with insights into the process of Preclinical research Studies for Drug Discovery and development.
9	Activities/Highlights of the program	The event took place on Saturday and was attended by a diverse audience, including postgraduate students, Ph.D. scholars, Bachelor of Pharmacy final year students, and teaching staff. During the guest lecture, various topics were discussed about the preclinical parameters for a drug need to go through as per regulatory compliance. The presentation also highlighted some of the clinical aspect also. Mr. Narahari K V extended a warm welcome to the attendees and provided a brief introduction to the guest speaker. Ms. Geethika Harikumar expressed gratitude in the vote of thanks, and feedbacks were collected from the attendees.

UDEHP WORKSHOP-2024

Department of Pharmaceutical Analysis of KLE College of Pharmacy, Bengaluru hosted a two-day UDEHP Workshop on “A Road Map to Research” on 22nd & 23rd March 2024 with the objective to embark on our research endeavors with confidence and clarity.

On 22nd March 2024, the registration procedure for participants was done from 9.00 to 9.30 am. The program began with the Master of ceremony **Dr. Mamatha A.** welcoming the gathering, followed by lighting the lamp by the dignitaries present on the dais. A welcome note with the theme of the workshop was given by the Principal, **Dr. Rajamma A.J.**, followed by **Dr. Hariprasad M.G.**, UDEHP Co-coordinator who briefed about UDEHP workshop objectives.

First session on first day: Dr. Vathasala P.G.

Session began with first speaker **Dr. Vathasala P.G.**, Principal Research Scientist, Undergraduate Programme, Indian Institute of Sciences, Bengaluru who was introduced by Dr. Mamatha A. She delivered a talk on “Basics of Research Methods and how to adapt in Regular Research” to provide participants with a clear understanding of the various stages involved in conducting research, from conceptualization to dissemination of findings.

Principal
KLE College of Pharmacy
Bengaluru-560 010

In her talk, she attempted to equip participants with the necessary skills and techniques to effectively formulate research questions, conduct literature reviews, design studies, analyze data, and communicate research findings. She made the session interactive with her real life experiences and how she tackled the situations. As a token of appreciation, memento was presented to the speaker Dr. Vathsala P.G. by the Principal Dr. Rajamma A.J. and the Vice-Principal Dr. H.N.Shivakumar.

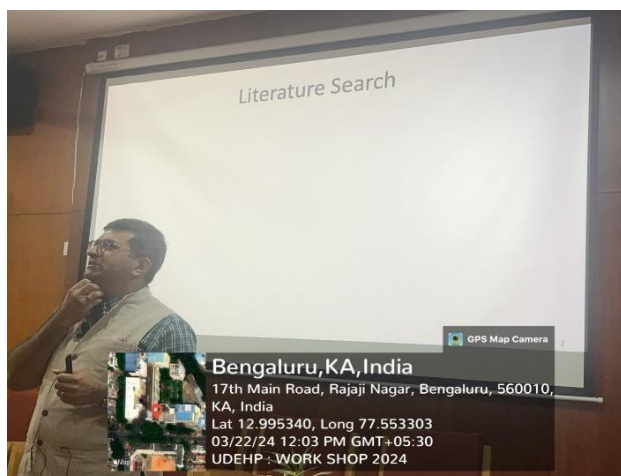

SPEAKER: Dr. VATHSALA P.G.

Second session: Dr. Srikumar B.N.

After tea break, session began with the second topic by **Dr. Srikumar B.N.**, Additional Professor, Department of Neurophysiology, NIMHANS. Dr. Srikumar was welcomed by Dr. Vanita Somasekhkar and introduced by Dr. Usha D.S. He focused on the topic “A Primer on Referencing & Bibliography Management”. He enlightened participants on how to conduct thorough literature reviews to understand existing research and identify gaps in knowledge. He also focused on different styles of referencing. As a token of appreciation, memento was presented to the speaker Dr. Srikumar B.N. by Dr. Vanita Somasekhkar.

SPEAKER: Dr. SRIKUMAR B.N.

Third session: Dr. Vandana B.Patravale

Third session of the day was an online talk by Dr Vandana B.Patravale, Professor of Pharmaceutics at Institute of Chemical Technology, Mumbai, India. Dr. H.N.Shivakumar introduced the speaker to the audience. She conducted a session on “Extramural Funding and Research”. She provided participants with an overview of what extramural funding is, including grants, fellowships, and awards provided by external organizations, government agencies, foundations, and industry sponsors. The speaker also explained the significance of extramural funding in supporting research activities, including funding for projects, equipment, personnel, travel, and other expenses.

SPEAKER: Dr. VANDANA B.PATRAVALE

Fourth session: Dr. Srinivas Seekallu

We began with the fourth session of the day by welcoming the speaker **Dr. Srinivas Seekallu**, Head-Preclinical Research, Test Facility Management, Anthem Biosciences Pvt. Ltd., Bangalore. The speaker was introduced by Mrs. Arvinder Kaur. Dr. Srinivas focused on “Overview on importance of Good Laboratory Practices”. He introduced participants to the definition and purpose of Good Laboratory Practices, emphasizing their role in ensuring the reliability, integrity, and quality of scientific data generated in laboratory settings. The speaker also explained how adherence to GLP principles contributes to the generation of accurate, reproducible, and reliable scientific data, which is essential for making informed decisions in research, development, and regulatory submissions. As a token of appreciation, memento was presented to the speaker Dr. Srinivas Seekallu by Dr. H.N. Shivakumar.

Report of UDEHP Workshop

INTRODUCTION

In today's fast-evolving world, innovation isn't just an advantage - it's a necessity. But innovation doesn't happen by accident. It requires a structured, creative approach to solving complex problems, and that's where **design thinking** comes in.

Design thinking is a human-centered methodology that empowers individuals and teams to rethink challenges, identify opportunities, and generate solutions that are both innovative and impactful. It brings together creativity, logic, empathy, and experimentation to craft solutions that are not just functional but deeply connected to human needs.

Therefore, Department of Pharmaceutical Analysis, KLE College of Pharmacy, Bengaluru organized a workshop in collaboration with the University Department of Education for Health Professionals (UDEHP) titled on "Design Thinking: A Vital Tool for Innovation" on 20th & 21st September 2024 with the objective to embark on our research endeavors with confidence and clarity.

OBJECTIVES

At the end of the program, one shall be able to understand how to:

- ❖ Unleash their creative potential,
- ❖ Develop a deeper understanding of the user experience,
- ❖ And, most importantly, learn how to apply these tools to foster breakthrough innovations

RESOURCE PERSONS

1. Mr. Shubham Mondal

- UX Designer, Dasera, USA US- based Data Security & Governance Company, Bengaluru.

2. Mr. S. Sam Jaikumar

- Manager (IP & Technology Transfer) Ministry of Innovation Cell, AICTE, Bengaluru.

3. Dr. Anurag Anand

- Researcher, DST - CPR (Centre for Policy Research) Indian Institute of Science, Bengaluru.

4. Mr. Raghu Srinivas

- Lead: Litigation & Business Intelligence Global IP Cell, United Phosphorus Limited, Mumbai.

5. Mr. Ravi Kulkarni

- Manager-IPR-Small Molecules Biocon Limited, Electronics City, Bengaluru.

6. Mr. Srinivas M.K

- Visionary Business Strategist & Leader, Bengaluru.

NUMBER OF PARTICIPANTS: 115 (Faculty and Student Participants)

External: 16

Internal: 99

CONCLUSION

The workshop was successfully conducted with 115 delegates. Delegates were able to explore how design thinking can transform the way we approach challenges across industries—from product design to service delivery and beyond. All attendees benefited equally from the workshop's high level of interaction.

Public health & Head Dept. of Evidence Bases Health Science, KAHER Belagavi. Orientation was given Regarding Systematic Review method of research is extremely useful in the era where a huge amount of research is produced each year, often with conflicting findings. In those instances, systematic review and meta-analysis can offer scientifically sound and powerful alternatives that can overcome the difficulties in addressing bias, heterogeneity and quality of the studies. However, often poorly conducted systematic review and meta-analysis could yield misleading results. Therefore, various guidelines have been suggested for conducting systematic reviews and meta-analyses to help standardize the independent study findings and to improve their quality.

Summary of the Workshop

KLE College of Physiotherapy, Hubballi, in collaboration with KAHER'S Institute Innovation Cell, Belagavi, organized a one-day workshop on Intellectual Property Rights (IPR) and startup initiation for healthcare professionals. The event featured sessions by Dr. Shivayogi M. Hugar, Dr. Koralli Anil, and Dr. Bhaskar K. Kurangi, who discussed patents, copyrights, trademarks, and trade secrets and was attended by 49 delegates from different institutions of Hubli - Dharwad. Practical insights into healthcare startup initiation were also provided, helping participants transform innovative ideas into sustainable ventures. Detailed information was provided on Patent filing and Patent drafting process. This Interactive workshop and panel discussion that ensued thereafter enhanced learning through real-world applications. Convenor Dr. Prashant Mukkannavar and Co-convenor Dr. Veena Bembalgi led the event, with organizing committee members Dr. Pooja Motar Sublok, Dr. Cassoindra Cardoz, and Dr. Navami Mahaveer ensuring its success. The workshop concluded with a closing ceremony and certificate distribution, recognizing participants' commitment to advancing healthcare innovation. Special thanks were extended to Chief Patron Dr. Prabhakar Kore and Patron Dr. Nitin Gangane for their support.
