Screen ()-Evaluation Dashboard

Evaluation Dashboard consists of three segments, as in the picture.

1. Evaluations Pending:

This Section is marked in blue and consists of Answer Scripts whose evaluation is yet to be started. Answer Scripts mapped to dummy roll numbers will be displayed. The User can click on any roll number and start Evaluation.

2. Evaluations Progress:

Once the Evaluator starts evaluating an Answer Script, the Script moves to the Evaluations Progress Section, automatically; here, in the picture, the Answer Script mapped to Roll number 1257's Evaluation has been begun and is in progress.

3. Evaluation Completed:

Once the Evaluator completes the Evaluation for a particular Answer Script, the Script automatically moves to this section; in the Picture shown above, no Scripts' Evaluation has been completed yet.

Return Icon

There is a **Return icon** in the top right corner of the first two sections (Evaluations Pending, Evaluations Progress) of the Evaluation Dashboard.

The User can select one or many **Unevaluated/Eval in progress**-**Answer scripts** as desired and send it back to the Exam Controller, using the Return Icon, on an emergency condition

Caution: The User shall not use the Return Icon unless it's a necessity and is authorized from the Controller Office; The user will not be able to view the returned Answer Scripts

Step 5: Evaluation Process

1. The User can click on a random Roll number from the **Evaluations Pending Section** and start Evaluation; the corresponding Answer Script appears, as below,

- 3. Eraser Tool: 3 various Sizes are available for User Convenience; The user can erase any mark or comment using the Eraser
- 4. **Comment Tool:** The user when clicks on this icon, a text box appears; the user can type their comments in the Text box and press enter key on the keyboard.
- 5. **Rough Page Icon:** Rough Page specific to that particular answer will be shown when clicked.
- 6. Answer Key Icon: Answer key for a specific question will appear
- 7. Score Slider tool: A Ruler with marks varying from 0 to 10 is displayed; The User can select the Score that needs to be awarded to that particular answer using the Mark Slider Tool.
- 8. **Score-Type Tool** The User can click on this space and type the marks that he/she wants to award to that particular answer

[The user can either use the slider or enter marks, depending on his/her preference]

Right Click Option:

If the user finds difficulty in using the **Pen tool** and **Score Slider/Type tools**, the user can utilize the Right Click Option

A drop down list appears when the user **right clicks with the mouse** on the Evaluator Screen, as below,

The user can select,

Correct	for marking a tick,
💥 Wrong	for marking a cross
Score 0.50	for awarding score to that particular answer. (The user can type in the space or scroll using mouse wheel or use Up and down arrow in the Key Board)

Note: If the maximum mark that can be awarded to an answer is 2, the user can scroll up only till 2.

The sample answer scripts with right click option are as below,

Traversing through the Answer Script:

Screen ()

- There is a scroll bar at the right side of the screen; The user can scroll down/up to view the complete answer script
- The user can also click on the **numeral 1** for a drop down list and can choose the desired question from the Drop down list.

Sample Evaluated answer script is as below,

Screen ()- Evaluated Answer Script

In the picture, the user has evaluated, marked his comments (red coloured text) and has awarded 2 marks out of 3 for the question number 1

Note: The Evaluator has to mark a tick or cross or comment in every page of the answer script; once the user evaluates all the pages the script corresponding to that particular roll number gets moved to the Evaluation Completed Section in the Evaluation Dashboard;

The User after completion of evaluation of all the Answer Scripts, can use the **select all** button in the **"Evaluation Completed Section"** and **submit the Evaluated Scripts** to the Exam Controller.

Step 6: Moving to the Previous/next Roll Number

On the left and right end of the Tool Box, there are two icons named **Prev** and **Next** respectively, which when clicked takes the user to the previous and the next roll numbers.

The User can also close the current Answer script, go back to evaluation dash board and select a random roll number for evaluation

Step 7: Evaluation Report

The user can view the Report of the Evaluated Answer Scripts by clicking on the Evaluation Report Icon in the Evaluation Dashboard Screen

Opening Student View & Feedback

As an evaluator, now you will be able to open the student view & feedback after all the answer scripts are evaluated. This setting works based on the exam type e.g. if the Exam Administrator has set the student view & feedback only for CAT/Midterm exams, you will be able to open student view & feedback only for FAT/Semester exams.

If the student view is available for the current evaluation, you can see the Start and End dates for the Student Feedback & Correction in the Evaluation dashboard, as shown in the image below.
